Treatment in other European countries is covered only if the same / similar treatment is not available in any hospital in Malta.

The purpose of the policy is to provide for the reasonable fees of recognised Treatment, which is medically necessary for acute medical conditions and injuries.

The policy is not intended to cover experimental or unproven Treatment, but should such situations arise we will discuss these with the beneficiary's specialist and decide whether the cost of the proposed treatment is covered. Claims will be paid for those items specified in the policy benefits (up to the amounts stated, if applicable).
